

Vodafone Business Calling

When you switch to a Vodafone Business Landline there are two call plans you can choose between. Both offer low fixed-price calling and have no fixed term contact.

a) Business Tolls Plus

If you are a Vodafone mobile customer this is the plan for you, offering great rates to calls within the Vodafone network.

b) Business Tolls

If you are not currently a Vodafone mobile customer this is the plan for you.

Integrated talkZone

If you are a Vodafone mobile and landline customer you can save even more with Integrated talkZone. No matter where you are in NZ, Integrated talkZone gives you unlimited free calling between your company's landlines and to your company mobiles. And to make things even easier, Integrated talkZone wraps all this up in a fixed monthly fee. To take advantage of this great plan you need to be on a mobile talkZone plan.

Landlines and broadband that work for your business

Make the most of now

Spend a lot less on business calls you make from your landline

With **Vodafone Business Landline** you pay much less for calls from your landline at work. Plus, if you're also a Vodafone mobile customer, you save even more.

Vodafone Business Landline

Switching your business landline to Vodafone is simple. It's effortless to implement, requires no costly installation*, and you can make calls from work for much, much less than you're probably paying now.

The benefits to your business

- Dramatic reduction in call costs – you could pay as little as 13 cents per minute to call Vodafone mobiles and 9 cents per minute to call national landlines.
- Less hassle – Vodafone can be your single point of contact for your fixed and mobile solutions.
- Sign up to a 12 month term and save up to 20% off Vodafone's Business Landline rental rate.
- Sign up to Integrated talkZone for 12 months and get unlimited free calling between your company landlines and to your company mobiles.

How it works

- No number change - you can keep your current phone number and avoid hassles, extra costs and lost business.
- Easy to switch - with no hardware to install you simply make calls as usual.
- No installation cost - when you move from an existing Telecom landline provider.
- Your business landlines and all calls are automatically reassigned to Vodafone.
- You can get one bill that covers all of your landline rental and call charges.
- You can choose from a Standard Business Line, an ISDN BRA (Basic Rates Access) Line or a ISDN PRA (Primary Rates Access) Line.
- Your landline can be bundled with a package of useful features including voiceMail, Call Waiting and Caller Display.

How much does it cost?

- It's FREE to switch your existing landlines*.
- For access, you pay a fixed monthly cost for landline rental and any features that you subscribe to.
- For calling, you only pay for the calls you make, with no minimum monthly spend (with Integrated talkZone, all calls between your company landlines and to your company mobiles are free).

*Excluding any early termination fees that may be charged by your existing landline provider. Customers without an existing landline connection will be charged an installation fee of \$49 per landline when they start up with Vodafone Business Landline. Additional charges may apply for cabling work. These are to be agreed by the customer at the time of installation. All prices exclude GST.

What you need to do to get connected

- Provide us with your existing landline phone numbers and your existing account number.
- Sign up to Vodafone's On Account Terms and Conditions if you're not an existing Vodafone customer.
- To make the most of Integrated talkZone, you will need to be on one of our talkZone mobile plans.

How we connect you

- We will process the order and activate your landlines and numbers.
- You should be making your business landline calling with Vodafone within approximately 15 working days - we'll email you as soon as your landline goes live.

Features and monthly rental costs
