

# Vodafone Rural Broadband

## Getting setup – Installing Rural Broadband

### Additional charges may apply

There could be further charges for installation if additional travel time, visits or wiring is required.

	Charge inc. GST	This will apply if:
Additional travel	\$75	If the technician's travel distance exceeds 100km each way from the <a href="#">installation technician's base</a>
Additional wiring	\$99	You want the building's jack points (up to 3) rewired to the 3G wireless modem.
If you're out when we visit	\$150	You are not there when the technician arrives at the agreed time.
No fault found	\$249	You call to report a fault after installation and the technician finds no fault with the Vodafone service - you will be charged for the visit.
