

Vodafone Unlimited – ADSL Broadband

Offer Summary – 28 October 2020

SERVICE OVERVIEW																									
Service Description	<p>Unlimited ADSL Broadband is our standard fixed line broadband, for home. Available to customers who can get ADSL at their nominated address.</p> <p>There are two Unlimited Broadband plans available on ADSL:</p> <ul style="list-style-type: none"> • Unlimited ADSL Broadband • Unlimited ADSL Broadband with voice calling over broadband <p>Voice calling over broadband (VoIP) is the latest in phone line technology. VoIP stands for “Voice over Internet Protocol”. If you have an existing traditional copper landline connected this will be replaced by voice calling over broadband. See how this may affect you in the “Effects on other services” section below.</p> <p>Unlimited broadband is for residential use only.</p>																								
Availability	<p>Vodafone Broadband is not available everywhere.</p> <p>Visit vodafone.co.nz/broadband/ and check what’s available at your place.</p>

	See 'Other Charges' for additional setup charges, which may apply.
Access Type	Copper ADSL. For more information about access types, visit http://www.tcf.org.nz/broadbandtypes
OTHER INFORMATION	
Minimum Contract Period	You can choose from either, Open or 12-month term contract.
Early Termination Fee	An Early Termination Fee will apply if you choose to disconnect or downgrade to a lower value broadband plan before the end of your contract term. If you joined Vodafone unlimited broadband from 26 February 2020, a graduated early termination fee will apply: \$199 early termination fee applies to a 12-month term and will reduce by \$50 every three months.
Notice period (cancellation)	One month's minimum notice or any lesser notice period agreed between us applies to all Vodafone Broadband plans.
Other Requirements	To use Vodafone voice calling over broadband, you'll need to use the latest Vodafone modem we've sent you and check your phone is capable of making calls over broadband (VoIP capable). Vodafone voice calling over broadband won't work on other modems. Our Unlimited ADSL Broadband only plan on Open Term includes 'bring your own modem'. Modem capability and functionality requirements apply when you bring your own modem.
Traffic Management	Our policy is to provide you with the best broadband experience possible, so we won't slow down or throttle your connection. However, in some circumstances (such as in the unlikely event of a network attack) we may be required to take reasonable action to protect our customers and effectively manage our network.
Fair Use	Vodafone does not have a fair use policy for Vodafone Fibre, HFC, VDSL or ADSL broadband. Note: All broadband plans (including the Unlimited Broadband Pack) are for standard residential use only and are not to be used for commercial types of activity or purposes. Non-residential, commercial purposes will include (but is not limited to) e.g. selling bandwidth to third parties or running an Internet Service Provider.
Effects on other services	Your broadband requires mains power and an active broadband connection to work. If power is not available (e.g. during a local power outage) the broadband, and any services which run over it including voice calling over broadband will not work. This includes all calls, even emergency calls to 111. We recommend keeping your modem switched on and having a charged mobile phone ready to use as a backup in case of a power cut unless you have a battery back up at home. Most systems such as monitored medical, security or other alarms should work with voice calling over broadband, but some don't. Therefore, it's important that you call the company that monitors your alarm to ask if their service will work with voice calling over broadband. If not, they may be able to find an alternative for you before you switch to voice calling over broadband. Other services that require a traditional fixed phone line to work, such as older fax machines, faxibility or the interactive features of Sky Digital are incompatible with voice calling over broadband. Vodafone recommend checking with your provider if you have any existing phone dependent services.

Other charges	<p>In some cases, additional install charges might apply. Typically, this happens if your house is more than 200m from the road, or you require additional wiring in your home.</p> <p>Additional voice calling over broadband charges may include charges phone calling features and calls in excess of the two hour per call cap. For more information visit https://www.vodafone.co.nz/home-phone/calling-features/</p>
Disputes	<p>Information about our process for customer complaints is available here: https://www.vodafone.co.nz/contact/feedback/</p> <p>If we are unable to resolve your concern, you are free to contact the Telecommunication Dispute Resolution Scheme (TDR). For more information on the TDR, please visit the TDR website</p>

All prices quoted are inclusive of GST. This is a summary only. The full legal terms and conditions for these plans are available at <https://www.vodafone.co.nz/legal/terms-conditions/residential-fixed/>
